No Great Commercial Business has ever been established without advertising

EVENING BULLETIN

3:30 O'CLOCK BULLETIN ADVERTISING IS DEPENDABLE AND PROFITABLE EDITION

Everybody who can possibly buy goods reads a daily paper. Every merchant abreast of his opportunities and master of his business knows this and makes advertising the cardinal principle of his administration. The evidence is shown every day in the pages of the Evening Bulletin, because the Evening Bulletin goes to the people who buy goods.

HONOLULU, TERRITORY OF HAWAII, THURSDAY, SEPTEMBER 5 1907

PRICE 5 CENTS

WILL FLOAT MORE BONDS IN NEW YORK

California Beauties, Contest Winners, To Come To Honolulu

TRIP PRIZE OF NEWSPAPER CONTEST

That Honolulu may look forward to a visit by a party of young ladies, the winners of a contest conducted by a couple of the enterprising newspapers of Southern California is one of the most interesting pieces of news contained in the report which Secretary Wood will submit to the Promotion Committee at its meeting this afternoon. The report in full reads as follows:

By the last mail we received word from Mr. J. P. Baumgartner, the proprietor of the Long Beach Press and Santa Ana Register, two daily papers published in Southern California, stating that he was about to put on a contest for subscriptions to his papers offering as capital prizes three or four trips to Honolulu. The contestants to be restricted to young ladies, the party to be chaperoned by Mr. and Mrs. Baumgartner. The probabilities are that the Los Angeles Evening News will join in the undertaking, thus increasing the party and extending the advertising. We forwarded all the information desired by the Sierra and feel convinced that the plan will be carried out.

Mr. C. B. Yandell, secretary of the Portland Chamber of Commerce writes under date of August 23rd as follows: "The excursion, though yet in em-

bryo, is coming along in good shape, and unless the unexpected happens, you may look for us in the Islands sometime about the 10th to the 15th of February next."

That there is a general feeling of friendliness for Hawaii throughout Seattle is further evidenced by the following letter from the Secretary of the Alaska Club:

"The club appreciates your kindness in sending us the 'Paradise of the Pacific.' We shall certainly take pleasure in keeping on file and circulating any advertising literature your committee may send us, and overlook no opportunity to recommend visits by tourists to the Paradise of the Pacific."

Regarding our enlarged photographs, Mr. Fred W. Prince, city ticket agent of the Santa Fe Railway in San Francisco, writes:

"Your enlarged photo is displayed in one of our front windows, the very best display space at our disposal. The picture attracts a great deal of attention." The committee's agent in Los Angeles, Mr. Childs, sends clippings from the Long Beach papers giving an interesting account of the lecture delivered in that city by Miss M. Alice Smith of Ewa, which was illustrated by our slides and moving pictures. (Continued on Page 2)

Campbell May Sell Our Bonds

Treasurer Campbell is to leave in the Korea on a trip to New York to sell Hawaiian territorial bonds. Another loan must be secured if public work now under way is to continue. The present is not considered a very propitious time to sell bonds, but Campbell may find that Hawaii reputation makes the bonds preferred security.

"Yes, I shall probably go away in the Korea tomorrow," said Campbell this afternoon. "I go to New York to float the new bond issue. The Legislature appropriated \$308,500 under the loan fund, but it has not as yet been decided how large a part of this will be borrowed. This matter is now in the hands of the Governor, and he will probably reach his decision in regard to this tomorrow."

If money is borrowed for the work provided for in the loan bill by the Legislature, the amount required will be \$308,500. Of this amount, \$132,000 is for the Nuanu dam, \$110,000 for school houses throughout the Territory, \$45,000 for the erection of a shed on Brewster's wharf, \$20,000 for the extension of the Hilo wharf and \$1500 for the Kamuela water works. Some of these items, however, may not be approved by Governor Frear.

The Governor stated this afternoon that Treasurer Campbell would leave tomorrow on the Korea and would visit New York to attend to the bond issue. As to the amount to be issued, however, the Governor said he had not yet fully decided. It is also undecided just how the bonds will be disposed of. In reply to a question as to whether or not they would be sold at private sale in the Territory, Mr. Campbell replied emphatically that they would not unless they could be disposed of to better advantage here than the last bond issue.

Governor Frear stated the negotiations are under way looking to the selling of the bonds, but he said that nothing definite could be stated yet as to how they will be sold.

SHRINKAGE CRACK MADE PUMP BREAK

Ernest Kopke, assistant Superintendent of the Honolulu Iron Works, who was sent up to the dam yesterday to examine Howland's broken pump, has made his report to the department of Public Works. He lays the fault of the pump's breaking to a shrinkage crack, formed when the cylinder was cast. Such a crack, Superintendent Holloway states, would be inadvisable and no one could know it was there until the crack spread and the pump was rendered useless.

But whatever the cause of the break, the fact remains that the pump is out of commission and is (Continued on Page 5)

Prisoner Dead; Jailor Is Held

Enoch Lovell, jailor at Lihue, on Tuesday killed a Japanese prisoner. That is the cause of the mysterious message received by High Sheriff Henry last night. The message, which was a wireless from Sheriff Rice of Kauai, asked the High Sheriff to come over by the first boat on a matter of grave importance.

Henry last night sent a wireless to Sheriff Rice asking for full particulars. Rice replied stating that jailor Lovell had kicked a Japanese prisoner and the man had died. An inquest was being held last night.

High Sheriff Henry will go over to Kauai tonight. He says that he can not imagine Lovell doing such a thing as the wireless message indicates. He has been jailor at Lihue for the past fifteen years and has always borne the reputation of being a kind and peaceable man. Henry thinks there must be considerable more to the matter than is indicated in the two messages. The Japanese prisoner, he believes must have been unruly or have attempted to make trouble to induce the jailor to commit an assault that would terminate fatally.

HILO TELEGRAPH NOTES

(Special Bulletin Wireless.) Hilo, Sept. 5.—The Territorial prisoners have arrived and will go to work on the Volcano on Friday.

Captain Otwell has confirmed the Bulletin's breakwater story and is here on his final visit before the specifications are prepared.

BAD MONEY PASSED BY THE TERRITORY

Queer Ten Dollar Gold Piece Issued By 'Treasurer'

For months the Federal authorities have been looking for the makers and shovers of the queer, who have been flooding Hawaii with bad ten-dollar gold pieces. They have been successful in capturing several of the culprits, but the latest developments are startling, to put it mildly. The latest passer of bad money to be detected in the act is—the Territory of Hawaii. (Continued on Page 2)
